ABOUT CONFERENCE

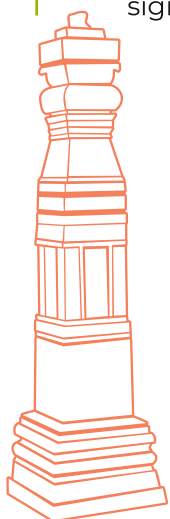

All India Cotton Conference 2024 : Embracing Challenges & Harnessing Opportunities for India's Cotton Industry

The All India Cotton Conference 2024 arrives at a critical juncture for the global cotton sector. In a rapidly shifting market landscape, stakeholders across the supply chain are navigating both challenges and opportunities. On one hand, global uncertainties, including trade tensions and economic fluctuations, present significant concerns. On the other hand, advancements in technology and growing global demand continue to open new avenues for efficiency and growth.

India's position in this evolving scenario is particularly unique. As a leading producer and consumer with a significant export surplus, India stands at a pivotal point in global cotton trade. The shifting dynamics, especially between the US and China, present India with a chance to further strengthen its role in the global market. However, capitalizing on these opportunities requires a focus on maximizing efficiency, improving yield quality, and minimizing contamination—key topics that will be explored by our esteemed contributors.

We are honored to have industry leaders and experts share their insights on these crucial issues. Discussions led by key stakeholders will delve into India's strategic position, the impact of technology on production, and the need for operational excellence to maintain competitiveness. We are particularly grateful to the Maharashtra Ginners Cotton Association, along with co-partners Khandesh Ginners Association and Vidarbha Cotton Association, for organizing this significant event.

As we gather in Chhatrapati Sambhajnagar (Aurangabad) for this important conference, we hope that the dialogue and exchanges will spark innovative ideas and collaborations that drive the future of India's cotton industry. We look forward to thought-provoking sessions and valuable networking opportunities that will shape the path forward for our sector.

ALL INDIA COTTON CONFERENCE 2024

DATE, TIME & VENUE

20th & 21st

September 2024

Time

20th - 6:00 pm to 10:00 pm

21st - 9:30 am to 5:00 pm
