CAI Hosts Cotton India 2023-24 Conference in Hyderabad

As part of Cotton Association of India CAI's Centenary Celebration that started in 2022, Cotton India 2023-24 Conference was held in Hyderabad, on October 28-29, 2023, co-hosted by Telangana Cotton Millers & Traders Welfare Association. Considering that Telangana is the third largest cotton growing state in India, Hyderabad was an inspired choice of venue.

While a cultural program, cocktails and dinner were the highlights of day one, the second day saw almost 800 delegates congregating at the Pradhan Convention Hall, listening to the brightest minds in the cotton fraternity imparting dynamic ideas that would put Indian cotton firmly on top of the global map.

Inaugural Session

Dignitaries on the dais and delegates stand up for the National Anthem

Lighting of the lamp – A traditional beginning to the conference

Dignitaries on the dais (l to r) Shri. S.K. Jhamb, Director, (Raw Materials) Vardhman Textiles Ltd.; Shri. Raman Bhalla, Head Cotton Operations India, Louis Dreyfus Company India Pvt Ltd.; Shri. B. Ravinder Reddy, President Telangana Cotton Millers & Traders Welfare Association; Shri. Bhupendra Singh Rajpal, Vice President, CAI; Shri. Atul S. Ganatra, President, CAI; Chief Guest, Madame Roop Rashi, Textile Commissioner, Government of India; Guest of Honour, Shri. L.K. Gupta, CMD, Cotton Corporation of India; Dr. P.K. Agarwal, Advisor Sustainability, Cotton Corporation of India; Shri. Vinay N. Kotak, Additional Vice President, CAI; Shri. P. Koti Rao, Chairman, A.P Textile Mills Association and Shri. Ramesh Kakkirala, Secretary Telangana Cotton Millers & Traders Welfare Association.

Presentation of Bouquet and Shawl to Dignitaries on the Dais

Shri. Atul S. Ganatra, President, CAI and Shri. Bhupendra Singh Rajpal, Vice President, CAI present bouquet and Shri. B. Ravinder Reddy, President Telangana Cotton Millers & Traders Welfare Association presents shawl to Chief Guest, Madame Roop Rashi, Textile Commissioner, Government of India.

Shri. Atul S. Ganatra, President, CAI and Shri. Bhupendra Singh Rajpal, Vice President, CAI present bouquet and Shri. B. Ravinder Reddy, President Telangana Cotton Millers & Traders Welfare Association presents shawl to Guest of Honour, Shri. L.K. Gupta, CMD, Cotton Corporation of India.

Shri. Atul S. Ganatra, President, CAI and Shri. Bhupendra Singh Rajpal, Vice President, CAI present bouquet and Shri. B. Ravinder Reddy, President Telangana Cotton Millers & Traders Welfare Association presents shawl to Dr. P.K. Agarwal, Advisor Sustainability, Cotton Corporation of India.

Shri. Atul S. Ganatra, President, CAI and Shri. Bhupendra Singh Rajpal, Vice President, CAI present bouquet and Shri. B. Ravinder Reddy, President Telangana Cotton Millers & Traders Welfare Association presents shawl to Shri. Raman Bhalla, Head Cotton Operations India, Louis Dreyfus Company Inda Pvt Ltd.

Shri. Atul S. Ganatra, President, CAI and Shri. Bhupendra Singh Rajpal, Vice President, CAI present bouquet and Shri. B. Ravinder Reddy, President Telangana Cotton Millers & Traders Welfare Association presents shawl to Shri. S.K. Jhamb, Director, (Raw Materials) Vardhman Textiles Ltd.

Shri. Atul S. Ganatra, President, CAI and Shri. Bhupendra Singh Rajpal, Vice President, CAI present bouquet and Shri. B. Ravinder Reddy, President Telangana Cotton Millers & Traders Welfare Association presents shawl to Shri. P. Koti Rao, Chairman, A.P Textile Mills Association.

Welcome Address by Shri. Atul S. Ganatra, President Cotton Association of India on October 29, 2023

Good Morning Hyderabad,

I wish to extend a warm welcome to Madam Smt. Roop Rashiji, our Chief Guest today, Shri. Lalit Kumar Guptaji our Guest of Honour today, Dr. Pradeep Kumar Agarwalji, Shri Raman Bhallaji, Shri P. Koti Raoji, Shri S. K. Jhamb Saab, Shri Bhupendra Singh Rajpalji, Shri Ravindra Reddyji, Shri. Vinay Kotakji, Shri. K. Rameshji and my dear cotton friends, friends from media, ladies and gentlemen.

I am very happy to welcome you all to this conference in Hyderabad and I express my gratitude to all of you for attending the conference. All of you have taken valuable time out and come from far to be present in Hyderabad.

I congratulate the entire team of Telangana Cotton Millers & Traders Welfare Association, its President, Shri. Ravindra Reddyji and Secretary Shri K. Rameshji for successfully organising this CAI Conference in Hyderabad.

Friends, you all know Telangana is India's 3rd highest cotton producing state after Gujarat and Maharashtra. Besides cotton Telangana has 5000 years of cultural history also and so we decided to organise Cotton India 2023-24 here in Hyderabad.

Our conference theme this time is 'Challenges & Opportunities Facing the Cotton Value Chain in India'. All our speakers and panels today will touch on this subject I am sure this will result in a lot of interesting and diverse information that will help all of us.

Today we are facing many problems like:

01. Our cotton consumption, with spinning mills running at 100% capacity, is 400+ lakh bales. Our production for the last 3 years is 300 325 lakh bales, so if we want our spinning mills to run at 100%, then it is very important to increase the production of cotton.

2. Our cotton area is 122 to 130k lakh hectare, but our yield is only 425 kg lint cotton per hectare i.e. only 2.5 bales per hectare, which is the lowest yield in the world.

3. Our cotton export for 2013/2014 was 112 lakh bales which has reduced to only 15.5 lakh bales by 2022-2023. Because we do not have excess cotton to export, if we imported almost as much cotton as we exported this season and did not increase the production of cotton through seed technology, we would become a net importer of cotton country.

4. We have Carry forward stock of cotton, which has reduced from 125 lakh bales 2 years ago to only 28 lakh bales. If our cotton production does not improve, we will have to import cotton to run the spinning mills. For this, it is very important to remove 11% import duty, otherwise our spinning industry will become weak.

To increase the production of cotton, we request all the State Association and CCI to join hands with CAI to reach our voice to the government; otherwise, it will be difficult for our ginning & spinning industry to maintain profit. For this, we all will have to work together hand in hand.

I invite all of you to attend the ICAC International Conference. This conference is going to be held in Mumbai from 2nd to 5th December, 2023 at Jio Convention Centre and is co-hosted by CAI, CCI and CITI in collaboration with the Government of India. Registration for this conference has been opened, so I request all of you to register and participate in this knowledgeable conference.

As per state government reports, pink bollworm has attacked the entire cotton crop in North India. About 65% of cotton production in Haryana and Punjab has been damaged while Rajasthan has faced losses up to 90%. Farmers are paying Rs.2,200 to Rs.2,500/- for picking of kapas which is 30 to 40% gone as kapas prices are only Rs.6,000 to Rs.7,000/-. This is very alarming situation for the entire textile value chain. If something is not done immediately then these of farmers will stop cotton cultivation as they are hardly getting any income after removing all these expenses.

Our CAI By Laws are 100 years old. Our Board of Directors has decided to do the necessary changes in the By Laws so that we can make all the multinational companies members of CAI which our present By Laws are not allowing to do so.

Also, in this new By Laws we have made special provisions for cotton brokers and they will be also allowed to do arbitration in CAI if they don't get their brokerage payment. This was a very long pending demand of brokers with us which will be covered in the new By Laws. Also, brokers will get quarterly brokerage payment. Brokers are a very important link between buyers and sellers. I request entire trade to pay Rs.75/- per bale brokerage to brokers and instead of paying them higher brokerage, demand good service from them. I remember in the beginning of my career I have paid 1% to 1.5% brokerage to the brokers and they have given me good service.

Last year our basis was 1800+ i.e., ICE Future was 77 cent and Indian cotton was Rs.63,000. This year it is the other way - ICE Future is 85 cent and Indian cotton is Rs.58,000/- so at present in the world market Indian cotton is cheapest for our Indian cotton mills. I suggest mills should not wait for further reduction in rate and should buy cotton at this rate in bulk.

Now I am coming to the problems of the ginning industry. Last year in Delhi stakeholders meeting, Maharashtra Ginners Association President, Shri. Bhupendra Singh Rajpalji informed our Honourable Textile Minister Shri Piyush Goyalji that ginners are not getting premium for making good quality. Minister Sir told to make one good single contract for India in which the discount and prices are specified clearly and that will bound to seller and buyer.

As per Minister Sir's order CAI and CITI jointly prepared 1 single contract and this contract has been launched officially by Madam Textile Commissioner in CAI 100 years function. Though this contract is saving ginners from big cutting and allowing to take premium, I am surprised out of 10 ginning mills state associations nobody has so far implemented this contract for the safety of the ginners. I request all 10 state ginners association in the country to do the business as per CAI CITI contract launched by Madam Textile Commissioner, Government of India.

I sincerely thank Madam Textile Commissioner and the Government of India for timely increasing the MSP of kapas to help poor farmers through CCI. CCI under the guidance of Dr. P. K. Agarwalji and CMD L. K. Gupta, is doing a wonderful job not only for the farmers but for the entire ginning and spinning industry. I once again thank team CCI

I also thank Madam Textile Commissioner for honouring our invitation and attending today's conference from her busy schedule.

Here I want to recite a poem on cotton.

“जन्म से चिता तक रहता साथ उसका नाम कपास ।
द्रौपदी की जा रही थी लज्जा बस कृष्ण से थी आशा ।
वस्त्रावतार से कृष्ण ने बचाई द्रौपदी की लाज ।
वस्त्र से ही होती पहचान कहलाता सभ्य समाज ।
दीपक की बाती बन करती उजियारा कपास ।
घावो को सहलाती कष्ट हरती हमारा कपास ।
आओ वंदन करें इस देव फसल कपास का ।
जैसे करते आये हैं वंदन हम गंगाजल का ।”

I wish all the guests here the best of luck for the coming year and pray to God that his blessings remain on our entire industry and everyone remains auspicious and profitable.

Thank you, Jai Hind. Thank you very much

Speech by Shri. B. Ravinder Reddy, President Telangana Cotton Millers & Traders Welfare Association

Speech by Shri. Bhupendra Singh Rajpal, Vice President, CAI

Speech by Chief Guest, Madame Roop Rashi, Textile Commissioner, Government of India

Speech by Guest of Honour, Shri. L.K. Gupta, Chairman cum Managing Director, Cotton Corporation of India.

Keynote address by Shri. Raman Bhalla, Head Cotton Operations India, Louis Dreyfus Company India Pvt Ltd.

Speech by Shri. S.K. Jhamb, Director, (Raw Materials) Vardhman Textiles Ltd.

Speech by Dr. P.K. Agarwal, Advisor Sustainability, Cotton Corporation of India.

Speech by Shri. P. Koti Rao, Chairman, A.P. Textile Mills Association.

Speech by Shri. Vinay N. Kotak, Additional Vice President, Cotton Association of India.

CAI President, Shri. Atul S. Ganatra Presents Crop Report

My Dear Cotton Friends,

On 25th October 2023 we had our crop committee meeting, total 29 members from all 10 states has attended this meeting and given their state reports.

CAI is not doing any estimation of crop from last 2 years. We are taking expected pressing numbers from state Associations and giving actual pressing numbers which is 99% correct. Last year our all India pressing was 318.90 lakh bales. As per agricultural department report dated 20th October 2023 this year Indian sowing of cotton is completed in 123.87 lakh hectares compared to last year's 130.61 lakh hectares. You can see on the screen this state wise sowing numbers. According to this report cotton sowing is reduced in 6.74 lakh hectares which will reduce the crop size around 18 lakh bales in the coming new season.

Now we will come to state wise pressing numbers expected for the new season 2023-24.

North Zone

Punjab 4.5 lakh bales, Haryana 16 lakh bales, Upper Rajasthan 11 lakh bales, Lower Rajasthan 11.5 lakh bales total 43 lakh bales. As per North zone committee members report, this year pink ball worm attack is in almost 50 to 70% area, due to this yield is drastically reduced. Few places farmers are getting per acre only 1 to 2 quintal kapas. In July month crop condition in north zone was very good and they were expecting 63 lakh bales but due to pink ball worms attack now they are expecting 40 to 43 lakh bales against last years 43 lakh bales, so no reduction compare to last year is done by CAI.

Gujarat

As per GUJCOT and Saurashtra Cotton Association report submitted by S Ajaybhai, Secretary GUJCOT, in Gujarat due to dry spell of August/September and then heavy rains in September has made huge losses in Saurashtra and in north Gujarat. As per association report there is 15% loss in yield but since last year's kapas was lying in Gujarat by adding old kapas we have taken 85 lakh bales of 170 kg against last year's 94 lakh bales.

Maharashtra

This year Maharashtra Ginners Association had conducted the survey and as per report

from association President Mr. Bhupendra Singh Rajpal ji, in Marathwada due to poor rains yield will reduce 15 to 20%, in Khandesh 10% and in Vidarbha no losses. Overall Maharashtra will have loss of 10 to 12%. We have taken pressing expectation of 76.50 lakh bales against 80.50 lakh bales of last year i.e. reduction of 5% only.

M.P.

As per Madhyanchal Cotton Ginners Association President Mr. Vinod Jain, M.P. had huge losses in first picking due to heavy rains on the standing crop in the month of September. They have estimated pressing of 18 lakh bales against last year's 19.5 lakh bales.

Telangana

As per report submitted by Telangana Ginners Association Chairman Mr. Ravindra Reddy and Honorable Secretary Mr. K Ramesh, this season in Telangana cotton sowing is reduced by 10% and due to lack of rain yield will reduce by 10%, overall they are expecting loss of 8 to 9 lakh bales in the state compare to last year but expecting MSP in the state Kapas may not go out of the state, they have expected 30 lakh bales pressing compare to last year's 30 lakh bales so no change.

Andhra Pradesh

As per report from Honorable Secretary Mr. Rama Rao, Andhra is having 35% less cotton sowing, also in Rayalaseema District huge damages reported due to less rain. Andhra Pradesh association expecting pressing numbers of 11 to 12 lakh bales. We have taken estimation of 12.5 lakh bales pressing against last year's 16.5 lakh bales.

Karnataka

Karnataka Association President Mr. Shantilal Jain has given press release after getting report of 90 ginnerers of the state. In press release they have informed that state will have 5 lakh bales less in coming season due to 17% less sowing and drought type situation in the state. They have estimated 18.5 lakh bales pressing against last year's 22.5 lakh bales of 170 kg.

Orissa

Orissa State Association President Mr. Arun Agarwal has submitted the report that state will have same pressing like last year i.e.3 lakh bales.

Tamil Nadu

Tamil Nadu is expecting 15% increase in the crop hence we have taken estimation of 6.5 lakh bales against 5.5 lakh bales last year. Out of 10 states this is the only state where we are getting more crop estimation than last year.

With this the total estimation of pressing for 23-24 will be 295 lakh bales of 170 kg against last year's pressing of 318.90 lakh bales accordingly around 23.90 lakh bales will be less than last year around 7.5%. These losses are mainly reduction in sowing of 6.9 lakh hectares.

So far CAI has not considered yield loss as we wanted to wait for 1 more month to do the final assessment for yield loss. If we considered all state yield reduction this number will reduced by 10 to 15 lakh bales more but we want to see and wait for next 30 days.

Our Balance Sheet for 2023 will be as it is on the screen.

The committee is expecting higher imports and lower exports in the coming season, also we do not have actual consumption numbers for next season, hence we have taken total 311 lakh bales consumption as per COCPC.

The closing stock will be 21 lakh bales against last years 29 lakh bales. This year main losses are due to El-nino effect, dry spell of 45 days, no rains and 6% rain deficit against last years 6% + in rains.

You can see on the screen Indian cotton consumption state wise, the total is around 414 lakh bales.

Zone	Bales (in Lakhs)	Remarks
North Zone	98.50	i.e. states like Punjab, Haryana, Himachal Pradesh, Delhi, Jammu & Kashmir altogether 98.50 lakh bales
Gujarat	80.00	-
Maharashtra	34.00	-
M.P.	34.00	-
Telangana	8.00	-
Andhra Pradesh	35.00	-
Karnataka	3.50	-
Tamilnadu	108.00	-
Kerala	3.00	-
Others	10.00	-
Total	414.00	

This is the capacity of consumption if all state all spinning mills run on 100% capacity. This report we could get from our state representatives help but if we need correct 100% report, we have requested Textile Commissioner Madam to please conduct one survey on mills consumption and the expenses for the survey will be equally shared by CAI, CCI and CITI. We hope Commissioner Madam will accept our request and do the needful.

Yesterday some mill people told me that because of CAI is giving smaller crop cotton prices are getting increased it is incorrect. CAI is collecting state Associations reports and giving genuine figures, it was CAI who gave crop of 400 lakh bales + few years back and today 295 lakh bales. Market do not go up with smaller crop, market goes up with demand, we have seen before last year cotton prices went up from Rs.40,000 to Rs.1,10,000 per candy, this was mainly because of demand. Even prices went up to Rs.1,00,000/- farmers, ginnerers, everybody were happy and made money and spinners that year made tremendous profit which they never made in last 50 years, so market will run as per demand. Our veteran Sri Sureshbhai Kotak ji always saying after sluggish period always double demand will come, so I hope this poor demand time will change in good demand in coming months and will have a good profitable time ahead.

With this I complete my presentation and Indian crop balance sheet, before I conclude I want to wish each and every one of you all the best for upcoming season.

Thank you
Thank you very much,
Jai Hind

Sponsor Felicitation

Madame Roop Rashi, Textile Commissioner, Government of India presents Diamond Sponsor trophy to Shri. Nitin Ganatra, Shree Radhalakshmi Cotton Pvt. Ltd., Mumbai.

Madame Roop Rashi, Textile Commissioner, Government of India presents Diamond Sponsor trophy to Shri. Sanchit Singh Rajpal, Manjeet Cotton Pvt Ltd.

Madame Roop Rashi, Textile Commissioner, Government of India presents Diamond Sponsor trophy to Shri. Vinay Kotak and Shri. Bhupendra Thakkar, Kotak Ginning and Pressing Industries Pvt Ltd.

Madame Roop Rashi, Textile Commissioner, Government of India presents Diamond Sponsor trophy to Shri. Gopal T. Agrawal, Riddhi Siddhi Cotex Pvt. Ltd., Aurangabad.

Madame Roop Rashi, Textile Commissioner, Government of India presents Gold Sponsor trophy to Shri. Dhiraj Kumar Khetan, Sri Salasar Balaji Agrotech P. Ltd. Hyderabad.

Madame Roop Rashi, Textile Commissioner, Government of India presents Gold Sponsor trophy to Shri. Ankit Agarwal, Louis Dreyfus Company India Pvt. Ltd. for Gold Sponsorship.

Madame Roop Rashi, Textile Commissioner, Government of India presents Gold Sponsor trophy to Shri. Vikrant Khetan, Agarwal Ginning Pressing Pvt Ltd.

Madame Roop Rashi, Textile Commissioner, Government of India presents Gold Sponsor trophy to Shri. Milind Raut, Bajaj Steel Industries Ltd. for Gold Sponsorship.

Madame Roop Rashi, Textile Commissioner, Government of India presents Gold Sponsor trophy to Shri. Akhil Kakkirala, Kaveri Group.

Madame Roop Rashi, Textile Commissioner, Government of India presents Silver Sponsor trophy to Shri. Kaushik Mittal, Raghunath Agrotech Pvt. Ltd.

Madame Roop Rashi, Textile Commissioner, Government of India presents Silver Sponsor trophy to Shri. Gaurav Nemade, Utsav Cotton Industries.

Madame Roop Rashi, Textile Commissioner, Government of India presents Silver Sponsor trophy to Shri. Rohit Rander, Shrigopal Rameshkumar Sales Pvt. Ltd.
